

# The 2<sup>nd</sup> Joint Symposium on Advanced Mechanical Science & Technology

**11.27(TUE) – 12.1(SAT), 2018**

## OBJECTIVES

The symposium will provide a unique opportunity for academic experts from Taiwan, Korea, China and Japan not only to share recent research and emerging technologies in the field of advanced mechanical science and technology but also to promote international friendship and good will among participants and universities. The first symposium was held at Fuzhou University in 2016 and the international friendship was verified among participants and universities.

## GUEST SPEAKER

Chou, Chau Chang / National Taiwan Ocean University

Shuncong Zhong / Fuzhou University

Nobuya Nishimura / Osaka City University
